Visakhapatnam, Andhra Pradesh

COURSEWORK

- Web Development with HTML, CSS, JavaScript Essentials
- Fundamentals of C Programming
- UI/UX Designer (Figma, Framer)
- Software Engineer Web Development Program

EXPERIENCE

Software Developer Intern

December 2023 – May 2024

Vinukoti Business Solutions

Visakhapatnam, Andhra Pradesh

- Contributed to the Mera Sahai startup project and received training in PHP, MySQL, HTML, CSS, and JavaScript, building a strong technical foundation through practical project involvement.
- Played a key role in developing and maintaining web applications. Ensured responsive user interfaces and optimized backend processes for better functionality.
- Coded, debugged, and implemented feature enhancements to improve system performance and user experience. Strengthened problem-solving, teamwork, and adaptability skills throughout the development lifecycle.

PROJECTS

OnlineJobPortal | React, TailwindCSS, React Router DOM, GSAP

[GitHub](#)

- Developed using the React framework with features like job search functionalities and data display.
- Integrated Firebase to store and manage job data efficiently.
- Tailwind CSS is used to create responsive and modern styling across the application.
- Implemented a job search feature for easy filtering and navigation of job listings.

GoogleDrive | Mongoose, JWT, ExpressJS, JavaScript, NodeJS

[GitHub](#)

- Built with MongoDB, ExpressJS, and NodeJS for file storage and user authentication.
- Integrated JWT authentication for secure login and registration.
- Used dotenv for managing environment variables securely.

EcommerceWebApp | HTML, TailwindCSS, JavaScript

[GitHub](#)

- Developed a frontend e-commerce website using HTML, CSS, and JavaScript with a clean and user-friendly UI.
- Integrated a simple cart system using JavaScript for product addition and quantity adjustment without backend integration.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL

Developer Tools: VS Code, Git, Figma, GitHub,

Technologies/Frameworks: TailwindCSS, ReactJS, NodeJS, ExpressJS, MongoDB

EXTRACURRICULAR

Freelancing in Web Development

June 2024 – Present

Web Developer

Remote

- Freelancing in web development, focusing on building responsive websites and web applications using modern technologies like React, TailwindCSS, and NodeJS.
- Completed various projects for clients, including online job portals, e-commerce websites, and other web applications.
